Our company has been carrying out works of electrical and mechanical installations with our experienced personnel. With your precious supports, we are eager and intend to carry on our activities as a well-known, being active and dynamic company as always have been. We have completed our commitments and projects successfully by following the sectorial technological developments. Hereby we present you our technical staff, best applications and references as attachment.

We do look forward to working also with you.

Yours faithfully

*Gürkan ARI
Mechanical Eng. M.Sc.*

PROJECTS (GOING ON)

ITC INTEGRATED SOLID WASTE MANAGEMENT SYSTEM

Heating, Cooling, Heat Recovery, Process Lines, (ITC) ANKARA – 2020

Additional jobs - Contract Addendum

- Sincan hot water system for the Atelier and all the buildings
 - Sincan heating system for the C₂H₄ lines
 - Sincan oil distributing lines to the C₂H₄ Engine
 - Sincan antifreeze distributing lines to the C₂H₄ Engine
 - Sincan pressurized distributing lines to the C₂H₄ Engine
 - Sincan water distributing lines to C₂H₄ Engine
 - Sincan insulation of the H₂S Tanks
 - Sincan heating system for the administrative buildings
 - Sincan hot water system for the administrative buildings and Mess rooms of the plant
 - Sincan Heating system for the Oil tank and oil distribution lines
 - Sincan burning oil distribution line for the burning plant
 - Mamak oil distributing lines to the C₂H₄ Engine
 - Mamak antifreeze distributing lines to the C₂H₄ Engine
 - Mamak pressurized distributing lines to the C₂H₄ Engine
 - Mamak water distributing lines to C₂H₄ Engine
- ✓ **AKROPOL MEGA KENT BEYPAZARI ANKARA TURKEY 2010 ~**
(Mechanical Contractor for NOM MÜHENDİSLİK PROJE İNŞAAT SAN. TİC. LTD. ŞTİ.)
1. 60 MW Geothermal Heating System
 2. 2600 Ad. Time shared flats
 3. 1000 Ad. Villa
 4. A Hotel with 1000 Beds
 5. A Hotel with 600 Beds
 6. A Hotel with 400 Beds
 7. 30.000 m² Shopping Centre
 8. Physical Treatment and Rehabilitation Hospital
 9. Tourism and, Physical Treatment and Rehabilitation School
 10. 1.350.000 m² infrastructure
 - Central Heating System
 - Domestic Water Distribution
 - Waste water and Rain Water Collection System
 11. 150.000 m² Green House Heating
 12. 73.500 m² Aqua Park
